Important Changes in Rabies Vaccination Requirements

Effective January 15, 2006, no dog license may expire after the expiration date of the dog's rabies vaccination.

If your dog is due for a rabies vaccination booster during the next year, you must have it boosted now in order to have a full year license. If you choose not to have your dog vaccinated now, you will still need to pay the full annual fee and you will need to renew your dog license again after it has been vaccinated.
